

## **Workshop «Identification of applicable approaches for the evaluation of the National Academy of Sciences of Ukraine»**

*Workshop «Identification of applicable approaches for the evaluation of the National Academy of Sciences of Ukraine» took place on 24-25 March 2015 in the Great Conference Hall of NASU.*

Leading scientists of the National Academy of Sciences of Ukraine, representatives of Federal Ministry of Education and Research, Ministry of Education and Science of Ukraine, Ukraine's universities, Max Planck Society, Leibniz Association, Helmholtz Association, Fraunhofer Association and foreign experts took participation in the workshop.

Participants of the workshop discussed common methods and best practice examples of evaluation activities in their institutions. The mid-term aim of the workshop is to begin cooperation in the field of developing an evaluation/benchmarking model fitting to the Ukrainian/NASU environment.

Presentation: Olaf Bartz (German Accreditation Council) “Science-driven Institutional Evaluations, Research Rating and Evaluation of Research Infrastructures – Work of the Wissenschaftsrat”.

Presentation: Igor Yegorov (Institute of Economy and Forecasting, NASU) [“Main Aspects of the Development Concept of NASU in Modern Challenges”](#).

Presentation: Ralph Meiers (Max Planck Society) [“Evaluation Procedures in the Max Planck Society”](#).

Presentation: Carolin Heyder (Leibniz Association) [“The Leibniz Senate’s Evaluation Procedure”](#).

Presentation: Katrin Feuser (Helmholtz Association) [“Strategic Evaluation of Programme-oriented Funding”](#).

Presentation: Raoul Klingner (Fraunhofer Association) [“Evaluation of Processes and Structures at the Fraunhofer Association”](#).

Presentation: Heinrich Pingel-Rollmann [“Experiences from Comparable Reform-Processes in Moldova”](#).

Presentation: Victor Rybachuk (NASU) [“Developing Analytical Guidelines to Appraise Research Institutions of NASU and Results of Individual Researches”](#)

In 2007 – 2014 92 joint projects with the partners from EU-countries within the FP-7 have been performed.

The National Academy of Sciences of Ukraine has 36 bilateral agreements with the scientific organizations from Austria, Czech Republic, France, Germany, Poland, Romania, Slovakia, Slovenia, Romania etc.
