

VI INTERNATIONAL CONFERENCE

# CONDENSED MATTER & LOW TEMPERATURE PHYSICS 2026

1 – 5 JUNE 2026 | KHARKIV, UKRAINE (ONLINE)

## ABOUT CM&LTP 2026

Dear colleagues and friends!

The Organizing Committee of the VI International Conference "Condensed Matter & Low Temperature Physics" is glad to invite you to participate in CM&LTP-2026, which is traditionally held at the B. Verkin Institute for Low Temperature Physics and Engineering of the National Academy of Sciences of Ukraine. Taking into account the unpredictable conditions due to continual Russian attacks, we plan to hold the conference ONLINE. The program covers modern aspects of experimental and theoretical condensed matter physics, including low temperature physics, superconductivity, magnetism, optics, nanophysics, biophysics, materials science, and other related topics. We are pleased to welcome distinguished experts, researchers, PhD students, engineers, and students to take part in CM&LTP-2026, to share their knowledge, exchange new information and ideas, and find collaborators and joint projects. Can't wait to see you at CM&LTP-2026!
